### QUESTIONS AND ANSWERS ABOUT SUGAR RATIONING

The following is a series designed to answer frequently asked questions regarding the coming rationing of sugar to consumers on May 4 through May 7. Questions of rationing to industrial users are not dealt with herein.

Q. Who will receive War Rationing Books?

A. Everyone in the United States, of every age, race and nationality, is entitled to a War Ration Book with three exceptions.

Q. What are the exceptions?

A. (1) Members of the Armed Services who regularly receive rations in kind.

(2) People confined to institutions, who are regularly fed by town, city, county, State or Federal government.

(3) Long-term hospital patients, or those in similar private institutions, who are eating at the hospital or institution.

Q. What if a person is in the hospital only temporarily at the time of registration?

A. A war ration book may be issued for him or her to an adult in a family unit. It must be signed by him or her and turned over to hospital authorities. The hospital should return the book when the patient leaves the hospital.

Q. What is considered as a family unit?

A. The regulations define a family unit as: "A group of two or more individuals consisting of all persons who are living together in the same household, including persons who are temporarily absent therefrom, who are related by blood or marriage."

Q. What if a person eats his meals in a boarding house?

A. He still will be entitled to a ration book which he will have to turn over to the people who operate the establishment.

Q. What about invalids who are not members of family units?

A. Such persons who are unable to appear before a registrar may have application made by a guardian or other authorized person. This, however, must not be construed to authorize issuance to persons in institutions.

Q. Is it true that it is planned to halt sugar sales for a period before registration day?

A. Yes. Sales will be stopped from April 27, 1942, till May 5, 1942, and thereafter people will be required to use their sugar ration books.

Q. Will there be special provisions made for householders who must use sugar for preserving and canning?

### A Correction

It was incorrectly stated in last week's paper that the Narberth Players would present "Personal Appearance" on May 16. The play will actually be presented at Elm Hall, Narberth, on the evenings of May 1 and 2.

A change in the cast of the play has been announced this week. The part of "Johnson," originally to have been played by Jerry Casey, will be taken by Walter Henneberg.

## Smedley Resigns As Justice of Peace

### Accepts Position As Superintendent At Bryn Mawr College

Another magistrate resigned in Narberth Borough this week.

This is the second magistrate to turn in his resignation within a year's time.

He is Horace T. Smedley, 211 Grayling av., who was elected in 1937 to serve a six-year term. Mr. Smedley has been appointed superintendent of grounds and buildings at Bryn Mawr College and will live in a house on the campus.

Mr. Smedley's resignation was sent directly to Governor James at Harrisburg. The appointment to fill the vacancy is also made by Governor James.

The first magistrate to resign was Roy I. Gowland. To fill the vacancy Governor James appointed Otto Duer, who is now presiding as magistrate in the Borough. Both Gowland and Smedley, Republican candidates for the office, were elected at the same time.

According to one of the resigning magistrates, there is not enough minor judiciary business in Narberth Borough to support two magistrates. The limited income in connection with the office, he said, is not sufficient to adequately cover expenses and time consumed in transacting the minor judiciary business.

## Students Withdraw Money To Invest in War Bonds

Indications are that many students in the Lower Merion School District are withdrawing their school savings to invest them in defense saving stamps and bonds.

Superintendent of Schools F. A. Dubois reported to the School Board Monday night that during the three months period of 1942, ending March 31, 143 accounts were closed and only 44 new accounts opened. During this period \$2503.38 was deposited and \$1569.35 withdrawn. The total on deposit is \$9893.17 and the number of accounts 1540.

In Senior High School \$619.10 defense stamps have been sold, in Ardmore Junior High \$834.60, and in Bala-Cynwyd Junior High \$1838.70.

## Doctors Support Drive To Safeguard Children's Health

President Roosevelt's May Health Day proclamation, calling for the immunization of children against diphtheria and small-pox is finding cooperation among main line doctors.

Dr. D. Stewart Polk in a recent statement said, "May Day marks the beginning of our annual drive against diphtheria. The doctors of the main line are agreed that all children should be immunized against diphtheria and small-pox before they have reached the age of one year."

"A recent check-up by the city of Philadelphia showed that there were fewer cases of diphtheria per 100,000 population in Philadelphia than there are in Montgomery County. It is time for Montgomery County to take the lead in the protection of all of our children, against these deadly and entirely preventable diseases."

Diphtheria is a disease of children primarily, and over eighty percent of the deaths from this infectious disease occur in the first four years of life. Because the inherited immunity lasts only from six to ten months, the ideal time for immunization is early in the second half of the first year.

From the United States Public Health reports of January 9, 1942, there were 15,536 cases of diphtheria reported in United States. Of these 1,467 deaths occurred, or one death to every eleven cases.

The death rate from small-pox, also preventable, has fallen greatly with immunization. Data for the United States shows that of 2,793 cases reported in 1940 only fifteen deaths resulted.

## Medical Corps To Have Field Test

### Enlistments Will Be Accepted Every Wednesday Night

The Volunteer Medical Service Corps of Narberth was among the units inspected by the Montgomery County home defense officials last Saturday at the Narberth Community Field. Most of the Corps' equipment, including a station wagon, was inspected.

At last Wednesday's meeting, it was announced that the Narberth Corps would perform with other units of the Corps at a field test in Norristown on May 28. This will be part of the annual conference of boroughs of Montgomery County.

It was also announced that the Corps would march in the annual Memorial Parade at Narberth on May 30.

The Corps still needs men to be trained as ambulance crews. Enlistments are accepted at Corps meetings which are held every Wednesday evening at 8:00 P. M. in Elm Hall, Narberth.

## RATIONING BOARDS WILL REGISTER ALL SUGAR TRADE OUTLETS NEXT WEEK

### Applicants Asked To Prepare Data and Speed Up Work

Everything is in readiness for the trade registration for sugar rationing, which will be held in the Lower Merion Senior High School, Montgomery avenue, Ardmore, next Tuesday and Wednesday, April 28 and 29, between the hours of 3 p. m. and 9 p. m.

This registration will include all trade outlets, which sell or use sugar commercially, within the territory covered by Local Rationing Boards Nos. 3 and 4—all of Lower Merion Township and the boroughs of Narberth and West Conshohocken. It might be explained that the territory of each rationing board is the same as that of each draft board, with Board No. 3 covering Narberth and Ardmore, and Board No. 4 covering West Conshohocken and the rest of Lower Merion excluding Ardmore. However, registrants, wherever they are located, are to appear at the same registration point—the Lower Merion Senior High School.

### For Trade Registrants Only

Particular emphasis is placed on the fact that the registration next week is NOT for consumers, and housewives are asked not to add to the confusion by appearing at that time. The registration of the consuming group will take place the following week—on May 4, 5, 6 and 7—in the elementary schools throughout the area.

The registration next Tuesday and Wednesday is exclusively for business firms and institutions which purchase sugar in bulk, including retailers, wholesalers, manufacturers, restaurants, cafes, taprooms and schools, colleges and institutions which operate cafeterias. Prospective registrants in the trade group are warned to appear before the deadline next Wednesday evening, as they will be unable to buy sugar without rationing certificates.

### Registrants Can Speed Work

It is estimated that approximately one-half hour may be required for the registration of each trade registrant. In order to speed the work and save time for both registrant and registrar, it is highly desirable that the registrant come supplied with the following information:

Restaurant and cafe operators would expedite matters if they know the amount of sugar they consumed in March, 1942, or the average consumption for each month during 1941. They must also be prepared to give an inventory of sugar of all forms and sugar syrups now at hand.

Retailers can hasten the registration work if they know the gross sales of all commodities sold in their stores for the week ending April 25, 1942, as well as the present inventory of their sugar stocks. They must also be able to report the number of pounds of sugar delivered to them in November 1941.

Churches and institutions, which hold occasional benefit suppers and dinners, need not apply for rationing certificates next week. (Continued On Page Three)

## Officials Inspect Defense Set-up

### Preparations and Equipment Shown To County Group

Members of the Montgomery County Council of Defense, led by Walter A. Knerr, chairman, Guile S. Wright, director general, and Col. Samuel P. Wetherill, deputy coordinator of the metropolitan area, visited cross sections of the Lower Merion and Narberth defense set-up last Saturday afternoon.

Auxiliary police, in white helmets and capes, did traffic duty along the route of the inspection from the Union Fire House, Cynwyd through Narberth, Wynnewood, Ardmore, Haverford, Bryn Mawr, Gladwyne and West Conshohocken.

Sites and groups visited included Sector D Headquarters, the Fire Auxiliaries of the Union and West Manayunk Companies, the Air Raid Wardens of the Post; the Narberth Fire House and Community House; the Control Center at the Township Building and the Penn Wynne and Merion Fire Auxiliaries; Red Cross Headquarters; the Gas Casualty Hospital, Medical Casualty Station, the rifle squad of the Police Auxiliary, the Demolition and Clearance crews; the Bryn Mawr Fire House; and the Bryn M

## CIRCUMSTANCES COMBINE TO CREATE ODD PROBLEM FOR BORO COUNCIL

Narberth Borough taxpayers are going to be put to a little extra expense to prove to themselves, that, which most of them already know, that their councilmen are above suspicion.

Yet, there doesn't seem to be any way out of the difficulty that arose over a reduction in the assessment of properties at 221 and 227 N. Narberth av., Narberth, nor, likewise, any way out of the difficulty that these properties are owned by Roland Fler, president of the Borough Council.

It is, in toto, one of those things in which a little rightfulness and natural pride has become involved on both sides. Now that certain things have been said and certain elementary steps taken, it would be a major proposition for these steps to be retraced.

With an eye to the Borough tax income, Henry P. Carr, Council's finance chairman, has been hammering away for an equalization of assessments for sometime. When a reduction of 36.34 percent in these properties appeared, Mr. Carr automatically objected. He considered it councilmanic duty.

Mr. Fler has similar ideas of duty, civic responsibility and official integrity. When the issue was once raised he was placed in the position, as a public official, of seeing that it was fully investigated and carried to its proper conclusion.

In this case, the unfortunate part seems to be that the owner of the properties involved happens to be a Borough councilman and a member of the official family on whose shoulders fall the responsibilities of safeguarding the finances of the Borough. For, certainly, no one entertains the opinion that a man elected to a borough council relinquishes his right to invest in property or to take what legal steps are necessary to have his assessments reduced if he considers them too high.

Of course, the danger point at which heat arises under the collar is that Mr. Fler thinks that Mr. Carr may be "inferential" in his remarks. This may be so, depending on whose ears and minds the remarks fall. Because in this Borough world of ours — just as in the world at large — there are always those whose tongues wag at the least inferential provocation.

We are inclined to think that Mr. Carr's request for appeal is only "artificially inferential."

- A. It is planned to make special provision for such householders. The details will be announced in the near future.
- Q. How many stamps are there in one War Ration Book?
- A. Twenty-eight.
- Q. How much sugar will I be able to get with each stamp?
- A. At the beginning each stamp will enable you to buy one pound of sugar for the first two week period. Future allocations will be officially announced before each ration period.
- Q. Can I get the same amount of sugar with each stamp?
- A. Not necessarily. The ration of sugar may be changed from time to time according to the total supply of sugar in the country. The changes will be given the widest possible publicity.
- Q. Will a person who is in a jail or similar institution receive a ration book when he is released?
- A. He will be entitled at that time to go to his local rationing board and get his ration book.
- Q. Must all members of the family apply for their war ration books individually?
- A. No. Only two classes of people may apply. They are: (A) Individuals of any age who are not a part of any family unit. (B) Individuals who are applying for an entire family unit. One adult member 18 years of age or over, or any married member of the family unit and ONE ONLY is permitted to apply for War Ration Books for each and every member of the family unit.
- Q. Can a person who is not a member of a family unit and who is away from home on registration days apply wherever he may be?
- A. Yes. For instance, traveling salesmen, not members of family units, may apply wherever they happen to be.
- Q. What about persons who are members of family units but who are away from home for a week or two? — a traveling salesman for example?
- A. They should be considered as a member of the family unit. Wives or other responsible members of the family may apply for their books.
- Q. What if a person is away for two or three months — say a college student?
- A. He must apply for and get his own book in the town where he is temporarily residing.
- Q. What about minors who are not members of a family unit?
- A. Application for ration books for persons under 18 years of age who are not members of a family unit may be made by a guardian or other responsible adult.
- Q. Suppose I do not wish to buy sugar at all?
- A. Then the thing for you to do is to register like everyone else, but don't take a ration book.

**Marian Anderson To Sing May 4 At Goodhart Hall**  
Marian Anderson, world famous contralto, and her own company, the Marian Anderson Choir, will appear at Bryn Mawr College on Monday, May 4, to present an evening of songs at Goodhart Hall, under the stewardship of S. Hurck.  
A tall, slim, serious girl in her teens named Marian Anderson was the favorite singer of the South Philadelphia Negro neighborhood where she lived a score of years ago.

Today, as one of America's greatest contraltos, she has sung throughout Europe and the United States, and won the admiration of the average citizen, of eminent musicians, of President and Mrs. Roosevelt and of the King and Queen of England, for whom she sang at the White House almost two years ago.

There is a powerful appeal in Marian Anderson on the stage. She is tall and stately in figure, and she takes her place before the piano with the simplicity and dignity of one who regards it a privilege to be permitted to sing. She faces the audience calmly and confidently, with no trace of a prima donna mannerism. Then she nods to the pianist, closes her eyes and sings.

## L. M. Track Squad Upsets Pottstown

Holland and Barr Lead Maroon to 66½-51½ Victory

Despite the ineligibility of two veterans, Lower Merion High School opened its track season by whipping Pottstown, 65½ to 51½, in a dual meet at Pennypacker Field on Tuesday.

Carl Zipl, discus star, and Ben Cole, outstanding board jumper, were on the sidelines because they are down in their studies, but the Maroon managed to win seven events without them.

Walt Holland and Dick Barr were the stars. Although handicapped by a leg injury, Holland won the broad jump and led for first with a push of Pottstown in the high jump. Barr won the discus and shot put.

Since this meet Coach Art Drumm has been concentrating on developing a relay team that will compete in the Penn Relay carnival at Franklin Field. On Friday at 4 p. m. the Maroon will run in the Suburban Conference Class A championship mile relay and on Saturday will compete in a special one-mile race at 1:30 p. m.

Even late Wednesday Coach Drumm wasn't sure of the makeup of the L. M. quartet, but he said a tentative team probably would comprise Norm Turner, Bob Thomas, Glen Rainford and Blake Ransom. This group is inexperienced and will be under the further handicap of running in the eighth lane. "I'll be satisfied if we place," said Drumm, who predicted that Cheltenham would take the title for the second straight year.

## Presbyterians Report Increased Membership At Annual Meeting

Fifty-two new members were added to the church roll, it was announced by C. H. Woolmington, Clerk of the Session, at the annual meeting of the congregation and corporation of the Narberth Presbyterian Church, held April 15 following a dinner, attended by 200 persons.

Mr. Woolmington's report also stated that the Bible School enrollment had increased to more than 415.  
The congregation was commended on its missionary and benevolent giving of more than \$8000 which is 40 percent of the total current expense and benevolent budget.

In addition, it was announced that the church had paid off almost 25 percent of the mortgage indebtedness which makes the annual total receipts one of the highest in the history of the church.

## Mary Louise Burns Gives the Red Cross An Idea

Recently when a convoy of soldiers passed through the main line, a Bryn Mawr woman gave out cigarettes and candy at her own expense, and thus brought to the attention of the local branch of the American Red Cross a new opportunity for service.

When the soldiers appeared, Miss Mary Louise Burns, who operates the Community Kitchen, Bryn Mawr, stripped her establishment of its supply of cigarettes and candy and passed them to the soldiers as they rode by.

Mrs. John Hopkins, chairman of the Canteen Committee has placed Mrs. Whitney Wright in charge of this new department. A supply of cigarettes and chocolate bars has been purchased.

The Wayne branch of the Red Cross will cooperate by sending some workers and supplies.

## Two Kennel Clubs To Hold Shows in May

## READING & WRITING

BY Edwin Seaver AND Robin McKown

A LOT of good books have been written by American foreign correspondents about their experiences abroad, but there have been almost none by European correspondents in America. An exception is the current Book-of-the-Month Club selection, "The Making of Tomorrow," by Raoul de Roussy de Sales.

RAOUL DE ROUSSY DE SALES

De Sales came to America in 1932 as foreign correspondent for the newspaper Paris-Soir. He won a prize as the best correspondent of the year from the United States, which was a joke, his friends say, because there was no second best.

He is descended from French royalty on both sides of his family—the de Roussys and the de Sales, but he dropped the prefix "Count" to his name when he first came here, as he didn't think titles had any place in America. He also boasts an American grandmother. His most famous ancestor, Francois de Sales, was canonized the patron saint of journalists.

He has had a number of articles published in the Atlantic Monthly; and about a year ago he edited "My New Order," a collection of Hitler's speeches, which were in themselves a damning criticism of the Nazi program.

At present de Sales is one of the three leading representatives of Colonel de Gaulle and the Free France forces in this country.

"The Making of Tomorrow" is a thought-provoking analysis of the present world situation and the steps the author believes must be taken to build a democratic world of the future. Writes Henry Seidel Canby in the current issue of the Book-of-the-Month Club News: "Nobody can guarantee that de Sales has all the answers or even that all his answers are right, but surely no book has appeared which seems better guidance, which is more challenging to every American, and which has so many definitely new ideas about which we shall all want to think and talk."

Another Frenchman with a colorful name is the famous French flier—Antoine de St. Exupéry. After the publication of his new book, "Flight to Arras," which he wrote in New York, St. Exupéry went to California for a brief vacation. However, he didn't go by airplane. He made the trip by train. Just for the excitement of the thing, probably.

Stories from Nazi-occupied countries are so grim, it's a relief once in a while to come across one that makes you laugh—at the Nazis. Here's one from the chapter on Denmark in a new collection of reports of the people's resistance in the invaded countries, titled "The Sixth Column." British fliers bombed a German munitions factory in Denmark. The Germans sent a statement to all papers that only a cow had been hit in the field and burned. The papers had to print the statement. But a local paper, close to the place where the event had happened, added naively, "And the cow burned for four days." Needless to say, the paper was suspended and the editor forced to resign.

### Court

(Continued from Page One)

Although Winthrop filed four objections to the bill, and the court felt there is merit in all of them, it discussed only that contending that the plaintiffs have an adequate remedy at law.

### Not Mortgagee in Possession

"The bill does not cover the Building Association of its liquidators, are, or ever were, mortgagees in possession of the premises covered by the mortgage," Judge says in his opinion. "The fact of the arrangement between the Association and the mortgagor, which the mortgagees in possession of the premises agreed to turn over net rents of the apartments upon certain conditions.

"These rents were the property of the mortgagors and did not become the property of the Association until actually turned over.

"Winthrop has breached his agreement with the Association and for this breach an action of law would lie. The plaintiffs already have judgment against the defendant, and can proceed with an execution. We are informed, however, by the first objection that the plaintiffs have sold and assigned their mortgage and judgment. If this be true, then we fail to see how the plaintiffs have any claim to these rents, except on the theory that the money collected by Winthrop was the money of the Association, for which Winthrop should account.

"This is the theory upon which the bill was filed, but we are of the opinion that there was no relationship of agency existing between Winthrop and the Association. Calling Winthrop an agent, does not make him one."

## Miss Hoffman Wed Saturday In Overbrook

Daughter of Dr. and Mrs. R. C. Hoffman Wore Ivory Satin

In an attractive early evening ceremony at the Overbrook Presbyterian Church on Saturday, Miss Roma Elizabeth Hoffman, daughter of Dr. and Mrs. Romaine C. Hoffman, 201 Forrest ave., Narberth, became the bride of Mr. Edward L. Lange, Jr., son of Mr. and Mrs. E. L. Lange, of Evanston, Ill.

A reception followed at the Overbrook Golf Club. Dr. George Emerson Barnes, pastor of the church, performed the ceremony.

The bride, who was given in marriage by her father, wore a gown of ivory satin, made with a heart-shaped neckline. Lace formed narrow panels down the front of the dress, outlined the long train and trimmed the long sleeves at the wrist. A tiara of Duchesse lace held a face veil and a long veil which covered the train. She carried a shower bouquet of gardenias.

Mrs. Carl S. Voel, of Penn Valley, who was matron of honor for her sister, wore confetti red, the bodice of lace with marquisette yoke and the full skirt of marquisette.

The same model, in tea-rose lace, and marquisette, was worn by the bridesmaids, Mrs. Donald S. Hoffman, sister-in-law of the bride; Mrs. Harold F. Lange, sister-in-law of the bridegroom; Mrs. Hugh M. Robinson, Mrs. Ross C. Fahy, Mrs. C. Harvey Buek and Mrs. C. C. Dickerman, 3d.

Miss Ann Vogel, niece of the bride, was her flowergirl and wore a marquisette frock of confetti red with a bonnet to match.

Best man for his brother was Mr. Harold F. Lange, Highland Park, Ill., and the ushers were Messrs. Donald S. Hoffman, Carl S. Voel, J. Thomas Craig, Rudolph Horky, Nathan Pancoast and Webster Ball. The bride is a graduate of the Holman School and Mr. Lange of the University of Wisconsin.

Miss Worrell was graduated from the Baldwin School and attended Connecticut College for Women. She made her debut during the season of 1936-37.

Mr. Seidle is a graduate of Haverford School and of Cornell University.

### Church Federation Hears Reports On Welfare Conditions

The Executive Committee of the Main Line Federation of Churches met at the Headquarters, 18 Simpson rd., Ardmore, last Tuesday evening. Miss Florence Armstrong, and Miss Margaret Murta, of the staff of the Federation, and Mr. Stinson from the Board, reported on the Biennial Meeting of the Family Welfare Association of America, held at Providence, Rhode Island recently.

Private Family Agencies in general, the reports showed, have decreased their intake of cases, particularly those requiring financial aid. But there is a definite increase in family and community problems arising from War conditions; and increases in the need for the services of a family agency.

Miss Claire B. McAfee and Miss Isabelle B. McAfee, of Bala-Cynwyd, will entertain at a bride party, and tea on Saturday afternoon, in honor of Miss Ethel Zabriske, of New York, who will be their guest over the week-end.

## Gloves to Match

Vermillion red with white daisy print silk makes this day dress as refreshing as a breath of spring. It has a matching wool jacket and a hat of the new and novel "earphone" type. The most exciting style feature of this ensemble is the gloves she wears, made of the same print as the dress. This novelty stunt of matching gloves to blouse or gown or hat and bag lends intrigue to the current mode. It is possible to get patterns for gloves and many women are making their own.

### JEAN E. FAUST MARRIED SATURDAY

The marriage of Miss Jean Elizabeth Faust, daughter of Mr. and Mrs. Herbert Monroe Faust, of 561 Moreno Rd. Wynnewood, and Lieutenant Henry Aplington, U.S.M.C., son of Colonel Horace T. Aplington (U.
